Since 2018, when it embarked on a comprehensive business transformation marked by numerous acquisitions and organic growth throughout the country, it has become the largest food retailer by number of stores in Croatia. In 2024, Studenac took the first step in its international expansion by entering neighboring Slovenia.

Studenac prides itself on convenient and accessible stores that meet all of its customers' daily needs, reflecting its dedication through a distinctive single-format customer proposition that is "I sitno i bitno" ("both small and essential").
